XLsucker Pumps

Now it's easier than ever to pump your cock to a bigger and better size! The **XLsucker** range of Penis Pumps comprise of a plastic cylinder that fits over your penis and helps you get an erection - or a bigger erection - by suction. As the air in the cylinder is sucked out, the vacuum pulls your penis into the cylinder and more blood rushes into the penis. After removing the cylinder, the result is a temporarily bigger dick and a more impressive erection! Built to add length and girth to the penis, or to achieve and maintain an erection, your XLsucker creates a vacuum in the chamber which then draws blood to the penis making it larger. Pump users usually report an increase in their length or girth after regular penis pump usage.

Bathmate

The **Bathmate** penis pump is the world's first water-based device for enlarging the penis, with instant sustainable results - and it's a whole lot of fun too! The device is filled with water and placed over the penis, sealing at the base against your body. The gaiter acts as both a seal and as the pump mechanism. As you compress the device against your body, excess water is expelled causing a hydro vacuum which is much stronger than you could create with an air based vacuum pump. Over time it is thought that most individuals can gain between 1-3 inches in length with a 25% increase in girth!

TRANSVESTITE FICTION

NWL #4 - Julie's New Found Femininity

NWL #16 - Aunt Rose's House of Feminisation
 Had he known how Aunt Rose came by her wealth he may have avoided being slowly drawn into her world and not found himself on the auction block at one of her special auctions. A newly feminised sissy always fetched a good price!

NWL #19 - Fugitive in Frilly Petticoats
 He was on the run from the gangs and the police. His Aunt came up with a unique idea to protect him. 16 year old David would become 8 year old Priscilla. Soon his world is filled with frilly panties and soft feminine dresses.

World Of Transvestism 11.07, 11.09, 11.11 & 11.12
